

Part 1: Practical task 1

A screenshot of a Windows Command Prompt window. The title bar reads "C:\> Command Prompt". The window content shows the following text: "Microsoft Windows [Version 10.0.19045.4651]" followed by "(c) Microsoft Corporation. All rights reserved." on the next line. Then, the command prompt shows "C:\Users\jcall>git config --global user.name Jolly", followed by "C:\Users\jcall>git config --global user.email j.callcut213@gmail.com", then "C:\Users\jcall>git --version" and the output "git version 2.47.0.windows.1". Finally, it shows "C:\Users\jcall>" on the last line.

```
C:\> Command Prompt
Microsoft Windows [Version 10.0.19045.4651]
(c) Microsoft Corporation. All rights reserved.

C:\Users\jcall>git config --global user.name Jolly

C:\Users\jcall>git config --global user.email j.callcut213@gmail.com

C:\Users\jcall>git --version
git version 2.47.0.windows.1

C:\Users\jcall>
```
